

## Using Micollab URL

1. Please go to: <https://micollab.dmgaz.org/ucs/micollab/>
2. Using your Micollab login credentials (Username is going to be First\_Last and the password is NOT necessarily linked to your DMG network password)

PS: Unfortunately, if you do not remember your Micollab password you are unable to reset it through the URL. So please create a ticket via <https://servicedesk.dmgaz.org/> so we can reset your password.
